NOTE:

The request received by the Department for information from FBI files is from Harold Weisberg. Weisberg is the man who has written several books critical of the Warren Commission, the FBI, Secret Service, police agencies and other branches of the Government relating to the Assassination investigation. His writings have contained inaccuracies, falsehoods, and deliberate slanting of facts to fit his purpose. He was one of ten employees fired by the State Department during 1947 because of suspicion of being a communist or having communistic sympathies. Later, he was allowed to resign without prejudice but he was not restored to his former position. Check of Dallas and New Orleans files is necessary to be certain we can give the Department complete information on Weisberg's questions. Weisberg's inquiry concerned [redacted] and Bureau files contain only one reference to this individual, a reference which had no direct connection with the assassination.

Washington, D.C.

Dear Mr. Kleindienst,

Because of your recent request to [redacted] I assure you that the subject of this letter is not in litigation and I would prefer that it not reach that stage. I wrote you because, under the law, you are the person I am required to address.

[redacted] then of New Orleans, was an associated of [redacted] and others who figured in the investigation of the assassination of President Kennedy. Lee Harvey Oswald also applied to him for a job. Oswald had [redacted] office address masked in his addressbook. [redacted] fund-raising organization that used an address Oswald also used. [redacted] was the [redacted] directed and financed by the CIA.

[redacted] office address was then [redacted] His home address was [redacted] The address his organization ([redacted]), Oswald and [redacted] all used is [redacted] which is identical with a side entrance used by the FBI to mask this address, [redacted]

[redacted] claims to have been interrogated for 100 hours. The National Archives says it has no single FBI report or even reference to him. I request copies of all relevant data. I presume it should not have been denied the Warren Commission and would prefer to believe it is misfiled somewhere.

[redacted] home address is less than two short blocks from Dumaine and Decatur, where Oswald picketed the carrier Wasp in the early summer of 1963, a rather intriguing coincidence, in view of the foregoing. In the course of his investigation, which was not for law-enforcement purposes, the FBI obtained a copy of the leaflet Oswald then distributed, identified a fingerprint on it as not Oswald's, and, if it ever told the Warren Commission whose fingerprint it was, I have been able to find no record of it. I therefore ask if this fingerprint was that of anyone in any way connected with the assassination investigation. I would like to know whose it is, for there are also those who should have been connected with the investigation and appear not to have been.

Should you desire that I submit forms, of course, I will. However, I do hope these unessential formalities can be dispensed with unless and until there is disagreement between us.

FREEDOM OF INFORMATION ACT

Reference is made to our letter dated October 9, 1970, and to your letter dated October 2, 1970, which relate to a request from Mr. Harold Weisberg for information concerning the investigation of the assassination of President Kennedy.

Mr. Weisberg's formal request (DJ-118) asks for "all information about and FBI reports of interviews with [REDACTED] Further details in letter of 9/15/70." In the September 15, 1970, letter, after furnishing some information about [REDACTED] he makes a second request. He writes that the FBI discovered a fingerprint on a leaflet which, he asserts, Lee Harvey Oswald distributed. He asks for information as to whose fingerprint this was and indicates he is aware that the FBI determined that it was not the fingerprint of Oswald.

Concerning the first request, the files of this Bureau and the files of our Dallas and New Orleans Offices contain no information that [REDACTED] was interviewed by the FBI concerning the assassination of President Kennedy or concerning Oswald. (Files were also reviewed for the variations of the name, that is, [REDACTED])

The files of our New Orleans Office reveal that on November 17, 1961, an individual, who identified himself as [REDACTED]

[REDACTED] telephonically contacted that office and advised that he had been approached by [REDACTED]

According to the caller, his purpose in contacting the FBI was to determine if this organization was legitimate and recognized by the United States Government. The caller was advised that the FBI could not comment regarding this organization or the individual mentioned.

Shortly after receipt of this inquiry, on December 2, 1961, a New Orleans newspaper, the "Times-Picayune," reported that a two-month "crusade to free Cuba" had begun in the New Orleans area. The objective of the "crusade" was to raise money to educate the people of New Orleans to the danger represented by a communist-oriented Cuba. Sergio Arcacha was listed as one of the organizers and a Robert J. Caire was listed as the Public Relations Chairman.

The files of this Bureau reveal further that the Ronny Caire Advertising Agency, Inc., was registered with the Registration Section of the Department of Justice in 1962. This agency was located at 704 Cigali Building, New Orleans 12, Louisiana. Officers were listed as [redacted]

[redacted] according to the registration information. This agency represented the New Orleans Chapter of the Cuban Democratic Revolutionary Front, 544 Camp Street, New Orleans, Louisiana, for publicity and fund raising.

The only other reference to a [redacted] located in the files of this Bureau appears on page ten of the enclosure to a memorandum prepared at New Orleans, Louisiana, on July 20, 1967, entitled "Assassination of President John Fitzgerald Kennedy, November 22, 1963, Dallas, Texas." This memorandum was disseminated to the Criminal Division, Civil Division and Internal Security Division of the Department of Justice on July 27, 1967. The enclosure in which the reference appears is a transcript received from one [redacted] of an interview between New Orleans District Attorney James Garrison and [redacted]. The reference to [redacted] was made by Garrison who asked [redacted] to which [redacted] replied that it was [redacted]. No other mention is made of [redacted]

The Deputy Attorney General

In his letter of September 15, 1970, Mr. Weisberg stated that Oswald had [] office address "masked" in his address book. The files of this Bureau contain no information relating to this statement.

With regard to Mr. Weisberg's request for information concerning [] it is the recommendation of this Bureau that the request be denied because the information concerning [] is contained in investigatory files compiled for law enforcement purposes.

Regarding the second request made by Mr. Weisberg, which concerned the fingerprint on the leaflet, Weisberg appears to be referring to the incident reported by a member of the New Orleans Harbor Police, []. This incident was investigated by this Bureau and the results were furnished to the Warren Commission. Your attention is directed to page 803 of Volume XXII of the "Hearings Before the President's Commission on the Assassination of President Kennedy." In June, 1968, Patrolman [] was on duty on the New Orleans riverfront near where the aircraft carrier U.S.S. "Wasp" was berthed. A Naval officer aboard the ship requested Patrolman [] to approach a man, who was in the vicinity of the aircraft carrier, distributing leaflets concerning Cuba. Patrolman [] talked with the man and asked him to stop distribution of the leaflets. The patrolman obtained several of the leaflets from the man. Subsequently, Patrolman [] believed the unknown man was Lee Harvey Oswald. He based his identification on observations of Oswald on television and of photographs of Oswald which appeared in the press.

The two leaflets which Patrolman [] obtained from the man were examined by the FBI for latent fingerprints. One such fingerprint was developed on each leaflet. In view of the belief of Patrolman [] that the man who distributed the leaflets was Lee Harvey Oswald, these two latent fingerprints were compared with the fingerprints of Oswald. It was determined that these two latent fingerprints were not identical with the fingerprints of Oswald. The two fingerprints were not compared with the fingerprints of any other individual.

The Deputy Attorney General

It is the recommendation of this Bureau that Mr. Weisberg's second request be denied since information concerning these fingerprints is contained in investigatory files compiled for law enforcement purposes. This request might also be denied on the grounds that it was not contained in the formal request (DJ-118) submitted by Mr. Weisberg.

NOTE:

The request received by the Department for information from FBI files is from Harold Weisberg. Weisberg is the man who has written several books critical of the Warren Commission, the FBI, Secret Service, police agencies and other branches of the Government relating to the Assassination investigation. His writings have contained inaccuracies, falsehoods, and deliberate slanting of facts to fit his purpose. He was one of ten employees fired by the State Department during 1947 because of suspicion of being a communist or having communistic sympathies. Later, he was allowed to resign without prejudice but he was not restored to his former position. Dallas and New Orleans files have been reviewed on the questions raised by Weisberg and above is result. Bufiles were also reviewed. In view of Weisberg's character, he should not be given the information he requests, and there is legal ground for our position.

however, it was suggested that he might want to contact the local office of the State Department, as well as the office of the U. S. Attorney in New Orleans, to determine whether he would be required to register.

There appeared in the New Orleans Times Picayune newspaper dated 12/2/61 an article which announced that a two-month "crusade to free Cuba" was begun in the New Orleans area. The aim was to raise money to educate New Orleanians of the danger that Communist-orientated Cuba presents to the United States. This article lists SERGIO ARCACHA as one of the organizers of this crusade and the article further lists one ROBERT J. CAIRE as public relations chairman for the crusade.

Bulet to New Orleans dated 11/2/62, captioned, "RONNY CAIRE ADVERTISING AGENCY, INC.; REGISTRATION ACT - CUBA," enclosed a photostat of an abstract prepared from a registration statement filed by the Ronny Caire Advertising Agency, Inc., with the Registration Section of the Department.

The enclosed photostat of the abstract reveals that the Ronny Caire Advertising Agency, Inc., is located at 704 Cigali Building, New Orleans 12, Louisiana. The officers are listed as [REDACTED]

[REDACTED] The abstract indicates that this firm is representing the New Orleans chapter of the Cuban Democratic Revolutionary Front, 544 Camp Street, New Orleans, Louisiana, to publicize and raise funds.

New Orleans files do not reveal that [REDACTED] [REDACTED] was ever contacted or interviewed in captioned matter.

New Orleans files reveal no additional information regarding [REDACTED] not already known to the Bureau.

In regard to the fingerprint on a leaflet OSWALD had distributed, which is mentioned in referenced communication, the following observations are being set forth:

NO 100-16601

In paragraph five of WEISBERG's letter to Deputy Attorney General KLEINDIENST dated 9/15/70, WEISBERG indicates that OSWALD picketed the carrier "Wasp" and indicated that during this picketing OSWALD distributed leaflets. The FBI obtained a copy of the leaflet and identified a fingerprint on it as not being OSWALD's.

Investigation relating to this incident was conducted and the results set forth in New Orleans LHM 7/22/64.

This investigation revealed that a member of the New Orleans Harbor Police had observed an unknown individual distributing leaflets about Cuba on the New Orleans river front near where the carrier "USS Wasp" was berthed during June 1963. This patrolman was requested by a naval officer aboard the ship to contact the unknown individual and request him to stop distributing the leaflets. The harbor patrolman obtained a couple of the leaflets from this individual and felt sure that this person was LEE HARVEY OSWALD and he based this identification on the fact that he had observed OSWALD on television and his photographs in the newspapers.

These two leaflets were submitted to the Latent Fingerprint Section of the Identification Division by New Orleans airtel 7/28/64. By airtel to New Orleans dated 7/31/64 the Bureau advised that one latent fingerprint had been developed on each of the leaflets submitted; however, the two latent fingerprints were not identical with the fingerprints of LEE HARVEY OSWALD.

JFK Files Stay Closed, Court Rules

Author Harold Weisberg has lost his bid before the U.S. Court of Appeals here to gain access to FBI files on the assassination of former President John F. Kennedy.

In an 8-1 decision announced yesterday, the court upheld a lower court ruling that the FBI analysis of bullet fragments and scrapings from the assassination scene did not qualify for release to the public under the federal Freedom of Information Act.

A dissenting opinion was filed by Chief U.S. Appeals Court Judge David Bazelon. He said that without some mechanism for the public to look at the FBI analysis, "the public will have to rely entirely upon the Justice Department's opinion that the results of the . . . tests are adequately shown in the report of the Warren Commission."

Weisberg, who has written four books on the assassination, has maintained that the Warren Commission report was a "white-wash" and did not tell the full story behind the president's death.
